

# AFFAN MUHAMMAD SHAIKH

Oshawa, ON | 647-309-1927 | ffaanshake@gmail.com | github.com/sil6428

## Education

### Ontario Tech University

Bachelor of Information Technology - Networking & Cybersecurity

Oshawa, ON

Sept. 2024 – Present

- Relevant coursework: Advanced Networking I, Cybersecurity Foundations, Programming I (Python), and Computer Systems.

## Certifications

### CompTIA Security+

In Progress - Expected Sept. 2026

## Technical Skills

- **Networking:** IPv4/IPv6, subnetting, DHCP, DNS, NAT, VLANs, trunking, inter-VLAN routing, STP, OSPF/EIGRP fundamentals, routing metrics, redundancy, failover, troubleshooting, Cisco IOS.
- **Cybersecurity:** Threat and vulnerability analysis, system hardening, authentication, access control, incident-response workflow, IDS/IPS, firewall, encryption, and hashing concepts.
- **Development:** Python, TypeScript, JavaScript, React, Next.js, Node.js, HTML, CSS, Tailwind CSS, REST APIs, DOM manipulation, and command-line applications.
- **Tools/Platforms:** Linux, Windows Server, Wireshark, Packet Tracer, SecureCRT, Git, GitHub, Cloudflare Workers, D1, and KV.
- **Additional:** Cash handling, inventory organization, customer service, event logistics; bilingual in English and Urdu.

## Projects

### Archtech - Privacy-Focused Community Platform

Work in Progress

- Building a private full-stack platform with secure messaging, publishing, moderation, role-based access control, community programs, and administrative tools.
- Developing staged releases with TypeScript, React, Next.js, Cloudflare Workers, D1, and KV while keeping unreleased code private.
- Testing user-visible workflows and treating privacy, authorization, and access control as core requirements.

### Networking Lab Configurations - Cisco IOS

- Configured VLANs, trunking, inter-VLAN routing, DHCP, STP, and OSPF/EIGRP routing fundamentals.
- Built Packet Tracer topologies to test redundancy, failover, routing behavior, and network connectivity.
- Used ping, traceroute, interface status, and routing tables to identify and resolve configuration problems.

### Password Manager - Python

- Built a command-line password manager with password generation, strength validation, menu navigation, input handling, and secure-storage concepts.

### Event Planner Web Tool - Node.js, JavaScript, CSS

- Developed a browser-based tool for adding, editing, displaying, and removing events using JavaScript DOM manipulation.

## Experience

### Sales Associate

May 2025 – Present

Winners

Oshawa, ON

- Assist customers, answer product inquiries, and process cash and card transactions accurately in a fast-paced retail environment.
- Restock merchandise, organize displays, and collaborate with team members to maintain smooth sales-floor operations.

### Summer Day Camp Counsellor

May 2023 – July 2023

Al Arqam Islamic Centre

Oshawa, ON

- Led activities, managed group dynamics, communicated with families, resolved conflicts, and supported logistics for events with 100+ attendees.

## Volunteer Experience

### Community Volunteer - Al Arqam Islamic Centre - 400 Hours

Oshawa, ON

- Supported registration, guest service, crowd flow, setup, cleanup, and attendee needs at community events.

### Event Organizer - YCC519 Community Event - 30 Hours

Oshawa, ON

- Coordinated event setup, logistics, front-line attendee assistance, and flow control.
